WHAT'S IN IT FOR ME?

Some of the concerns that many clients have about private investigative agencies in general are in the areas of time of service, communication, and results. Accusource was created with these three areas specifically in mind and they are the hallmark of our company. Some of the solutions we provide to address these concerns and to add value for our clients are:

- 14-day standard turnaround
- Rush assignments handled at no additional cost to you
- 24 hour per day availability (you can also order services on our website whenever it is more convenient for you.)
- Personalized service with 1 point of contact. An experienced investigator will always be available throughout the entire life cycle of your assignments; NOT an administrative assistant or case manager with limited or no field experience.
- Case updates can be provided via email or telephone after each day of investigation.
- Statewide coverage with experienced investigators in various locations to reduce costs to you.
- Staff of experienced investigators that represent the diverse cultures of Florida.
- Flat rate, no-hassle billing with no "shortcuts" or hidden fees.
